

**"I NEED
WORKING TIME
DIRECTIVE
CALCULATIONS"**

NIGEL PERKINS, FLEET MANAGER FROM WATFORD

IT'S EXACTLY WHAT YOU WANTED

These new features benefit your drivers and help you plan your week more effectively.

**WORKING TIME
DIRECTIVE CALCULATIONS**

Keeps your drivers more informed, helping to reduce infringements and costly fines.

ADVANCED PERIOD OF AVAILABILITY MODE

Allows your drivers to choose how they allocate their time, putting them in control and ensuring they make best use of their working day. Plus, it gives you a more accurate view of their break and rest time.

Stoneridge Electronics™ is a specialist in commercial vehicle technology, and a leading provider of tachographs, fleet analysis software and aftermarket fleet solutions.

We've been delivering on customer needs for four decades, designing and manufacturing products that are smart, robust and cost-effective – and backed by a reliable after-sales service.

WANT TO
FOCUS
ON DRIVING"**

NICK SMITH, TRUCK DRIVER FROM NEWCASTLE

**THE NEW Duo2.
BUILT ON YOUR NEEDS.**

Stoneridge | SE5000 Exakt Duo2

INTRODUCING THE NEW Duo²

Thanks to you, the SE5000 Exakt Duo² is our smartest One Minute Rule tachograph yet. Whether you're a driver, fleet manager or workshop engineer, you have a say in what goes into our tachographs. It means we can always add features that are perfectly tailored to your needs – because you asked for them.

**GIVE
ME MORE
FEATURES
THAT SAVE
TIME**

NEIL ROBERTS, FLEET OPERATOR FROM GLASGOW

MORE TO BENEFIT FROM

REAL-TIME FERRY & TRAIN SUPPORT

Duo² automatically makes ferry & train calculations and notifies drivers during their journey, helping them stay legal.

HANDY FEATURES

We've tweaked our user interface to help you save time and generally make life easier:

- Auto company locks stop unwanted eyes seeing your data
- The product version is easy to find on the INFO menu
- Second source status is now included on the technical printout

BUILT ON A GREAT PRODUCT

You'll benefit from the original One Minute Rule, which has been helping fleets gain an average of 45 minutes extra driving time per day.

Our renowned Duo technology is in there too, giving drivers real-time updates on their driving time and rest time, as well as countdowns to their next break or daily rest period.

ADDED EXTRAS

APPS

We have two free apps to make life even easier for you and your fleet. Duo Mobile syncs with a driver's tachograph and turns their phone into a second Duo display, while Tacho Center allows you to download tachograph data wirelessly. Both apps work with our Tacho Link wireless dongle, which is available to purchase.

TRAINING AREA

With handy video tutorials and downloadable instructions, our free online training area has everything your drivers need to get up to speed with the SE5000 Exakt Duo². Take a look at it here: SE5000Exakt.com/training.html

All these features and extras help to reduce infringements, increase fleet efficiency and help you manage your drivers more effectively. The benefits really do stack up.
